

# next BALANCE

*Next Balance is a blend of powerful globally sourced botanical ingredients—dense in polyphenols and phytonutrients— specifically designed to support a balanced and healthy gut microbiome.*

### HOW DOES IT WORK?

All the amazing ingredients found in Next Balance work with your gut’s unique biotic environment to promote the growth of good bacteria and bring balance to your gut microbiome. Fermented ingredients—like noni and turmeric—increase the polyphenol count in your gut and introduce healthy bacteria, while superfruit and superfood blends provide antioxidant support.

### YOU’LL LOVE THIS

Next Balance features Red Light Fermentation Technology for its fermented noni fruit. This unique and proprietary fermentation method has been shown to increase polyphenol count by 25%.

### WHAT YOU’RE GETTING IN EVERY SERVING:
