FAQ

What if I already qualified for Xcaret?

Great news! We are combining Xcaret with the Mediterranean Cruise! All qualifiers or partial qualifiers will go on the 2024 Leadership Reward Trip.

Do I have to qualify for Leader three times in a row?

No. The three Leader qualifications do not have to be consecutive. You just need to qualify as Leader three times prior to April 30, 2024.

Do I have to be a NEW Leader to qualify?

No. This is open to existing Leaders, Star Performers, and Elite Performers. You just need to qualify as Leader or above three non-consecutive times, even if you have reached those titles before!

I am already a Leader, how do I qualify for Star or Elite benefits?

In order to attend, you must qualify as Leader or above three times during the qualification period. Star or Elite benefits are reached when you qualify as a Star Performer or Elite Performer at least one of the three times during the qualification period. Example: Brenda qualifies as Leader in September, qualifies again in January, and qualifies as Star in February. Brenda has now qualified for the Star benefits!

Is the cruise transferable?

No, the qualifier and their guest must attend the cruise themselves. The cruise and flights are not transferable.

Does the cruise include meals, transfers, and excursions?

LoveBiome will provide airport transfers and all on-board meals as part of the cruise experience. Excursions and all meals eaten off ship at any of the ports are the responsibility of the qualifier and guest.

How will flights be booked?

Flights will be booked by LoveBiome at group travel rates. If a qualifier wishes to change the itinerary or upgrade the class of service, the additional costs will be up to the qualifier.

**Individual business class ticket for Elite Benefits is capped at \$4,000 USD.*

LoveBiome reserves the right to modify, change, or adjust and/or cancel an event whether in its sole discretion or due to an act of God. Qualifiers are responsible for obtaining the necessary documents (i.e., passports and visas) to enter the event countries. Qualifiers are also responsible for any personal taxes that may result from receipt of a reward.
